PROFILE

I'm Deovrat, a **Full-stack Developer** with over **4.5+** years of experience, specialising in crafting meaningful UI experiences using **React and Node**. I graduated from Sinhgad Institute of Technology with a major in **Computer Science**. Throughout my career, I've been a quick learner and a collaborative team player.

SKILLS

UI Web Technologies

HTML5, CSS3, JavaScript, DOM, JSON, Typescript, ReactJs, Redux, React Testing Library, MaterialUI

Back-End Web Technologies

NodeJs, ExpressJs, REST API

Scripting Languages

JavaScript, Python3

Databases & Version Control

MongoDB, Git, Jira, Trello

PROFESSIONAL EXPERIENCE

Software Engineer

Telstra

05/2024 – Present

Pune, India

- Enhanced the **TESA** (Telstra Essential Sales Assistant) user experience by implementing **real-time refresh functionality, scope delineation guide** and other feature development work.
- Contributed to the transition from a monolithic frontend to a **microfrontend architecture**, redesigned the entire dashboard using **Telstra's in-house UI library**, delivering a modern, consistent, and **user-friendly interface** aligned with enterprise standards.
- Resolved** critical **production issues**, including UI rendering bugs and validation logic errors.
- Developed and integrated business logic for the **Consenting/Non-Consenting Customer** feature, ensuring **accurate data capture** and **seamless workflow execution**.
- Spearheaded a comprehensive **feature flag cleanup** across environments, reducing **technical debt** and improving **platform stability**, recognised under Telstra's **"Make a Difference"** value.
- Upgraded** the frontend tech stack, addressed **Veracode** and **Coverity** vulnerabilities, and increased **unit test coverage to 80%**

Programmer Analyst

Cognizant Technology Solutions

02/2021 – 04/2024

Pune, India

- Successfully delivered **4** engaging **Web Apps** specializing in **ReactJs**, including high-impact **dashboards** and **user authentication pages**.
- Demonstrated expertise in seamless **collaboration** with Back-end teams and Quality Assurance, ensuring **optimal functionality** and **integration**.
